**WHEREAS**, in Resolution # 00-38 the Board authorized the General Manager to implement a Customer Assistance Program (CAP) to assist low income customers in paying their water service charges; and

**#08-66  
RESOLUTION  
OF THE  
BOARD OF DIRECTORS  
OF THE  
DISTRICT OF COLUMBIA WATER AND SEWER AUTHORITY**

The Board of Directors ("Board") of the District of Columbia Water and Sewer Authority (the "Authority"), at the Board meeting held on July 3, 2008, upon consideration of a joint-use matter, decided by a vote of ten (10) in favor and none (0) opposed to approve the following action.

WHEREAS, in connection with the Authority's original issuance in August 2003 of its Public Utility Subordinated Lien Revenue Bonds, Series 2003 (the "Series 2003 Bonds"), the Authority determined to fund its Series 2003 Subordinate Debt Service Reserve Requirement by depositing in the Series 2003 Subordinate Debt Service Reserve Account a municipal bond debt service reserve fund policy ("Surety Policy") issued by Financial Guaranty Insurance Company ("FGIC").

WHEREAS, at the time the Series 2003 Bonds were issued, FGIC had a "AAA" credit rating and thus the Surety Policy satisfied the requirements for a "Qualified Reserve Credit Facility" specified in the Fourth Supplemental Indenture of Trust, dated as of August 12, 2003, relating to the issuance of the Series 2003 Bonds.

WHEREAS, FGIC has been downgraded by all three rating agencies to below investment grade, and therefore the Surety Policy no longer meets the requirement established under the Master Indenture of Trust, dated as of April 1, 1998, that FGIC have a credit rating in one of the two highest rating categories by two rating agencies.

WHEREAS, to address FGIC's downgrade, the Authority has determined that it will be necessary either to provide a substitute credit facility from a provider that satisfies the credit rating requirements of the Master Trust Indenture or to deposit cash in the amount of the Series 2003 Subordinate Debt Service Reserve Requirement in the Series 2003 Subordinate Debt Service Reserve Account.

WHEREAS, before a recommendation can be presented to the Board for its consideration regarding which of the options available to the Authority would be the most advantageous to implement, the Authority will have to receive bids from providers of credit facilities and undertake an analysis of the costs and benefits of each option.

WHEREAS, the Board has determined to grant authority to the General Manager to deposit, as an interim step, the amount of the Series 2003 Subordinate Debt Service Reserve Requirement in the Series 2003 Subordinate Debt Service Reserve Account should the need to do so arise before the Board has had an opportunity to select a long-term solution.

NOW THEREFORE BE IT RESOLVED THAT:

1. The General Manager is authorized to deposit a not to exceed amount of \$17,700,000 for the Series 2003 Subordinate Debt Service Reserve Requirement in the Series 2003 Subordinate Debt Service Reserve Account upon his determination, based on the advice of the Authority's General Counsel and bond counsel, that such action is required to comply with the applicable requirements established under the Master Indenture and the Fourth Supplemental Indenture.
2. This resolution shall take effect immediately.
