

NOW PAY YOUR WATER BILL CLOSER TO HOME

DC Water partnered with Global Express Financial Services to give customers added flexibility in bill payment. Now, customers can pay their DC Water bill in person in cash at one of more than 50 locations in the District and many more in Virginia and Maryland. Payments post on the same day if paid by 2:00 p.m. The service is absolutely free—there are no fees to make a walk-in payment.

Global Express already offers this service for other utilities and service providers, which adds to the convenience. Customers may be able to pay several bills in the same location! Please see the map on the back for many locations and visit global-express.net/storelocator for the complete list of payment locations near you.

With so many in-person, cash payment options, **DC Water will close the 810 First Street, NE payment office.** Beginning January 29, 2016 there will no longer be walk-in payments or a drop box at that location. Customers may still pay by check or money order mailed to:

**District of Columbia Water and Sewer Authority
Customer Service Department
P.O. Box 97200
Washington, DC 20090**

In addition, customers still have the option to pay with their bank account, or credit or debit card, using our 24/7 automated phone service or online by setting up a **My DC Water** account. For more information, please call DC Water's Customer Service Department at (202) 354-3600.
