

DISTRICT OF COLUMBIA WATER AND SEWER AUTHORITY

Appointment Card

After we receive your signed Private Property Pressure Reducing Valve Agreement, our contractor will call you to schedule an installation appointment. The contractor will also contact you to confirm your scheduled appointment 48 hours in advance. You, as the homeowner, or your representative must be present during the installation.

DC Water will need approximately two hours to complete installation of the PRV. If additional time is needed, a follow-up appointment will be scheduled with you at your convenience.

In order to complete the work, our contractor will need to enter your home to temporarily shut off water service. You will need to move any items including boxes, furniture, washers, and dryers that block the home's water shut-off valve.

Please use this area to record the date and time of your appointment.

**DATE OF MY
PRV INSTALLATION APPOINTMENT**

____ / ____ / ____ _____
Date Time (indicate a.m. or p.m.)

If you are unable to keep your appointment, please call **(202) 787-4065** (weekdays, from 8:00 a.m.-4:00 p.m.) or send an email to **pzip2ndhigh@dcwater.com** at least 24 hours in advance.
